

École biblique DÉFI

Un an pour impacter *ta vie* !

Welcome to LEAD

Are you ready (Do you want) to challenge yourself to live 3 weeks in the wilderness, seeking adventure and renewal with the Lord Jesus Christ? LEAD is a program that engages and impacts a variety of personal and community dimensions, making it unique and particularly beneficial for each participant.

The 4 dimensions of the program:

A human dimension:

The program is conducted in French and English. You will meet and live with people from different cultures and languages. Through LEAD, you will have the opportunity to overcome language barriers through physical activities and living together, with or without translation.

You will be part of a small group led by an instructor. This is the group with whom you will spend time hiking, cooking, eating, and camping, and with whom you will participate in various activities.

By being in close contact with the other participants for 3 weeks, you will have an extraordinary experience of community life. You will share your feelings, ideas and reflections on the diverse program that is offered to you & the other participants. You will learn how to prepare for discussion and you will get to experience the role of "leader" in the group (each participant will take a turn).

A spiritual dimension:

This is a spiritual program based on the Bible: this is a key point in order to benefit fully from this time. Our vision and our desire is that you would have a new experience with God that would deepen your relationship with Him : that his teachings, his nature that surrounds us and our interactions would bring each of us closer to Him.

There will be a daily time of Bible sharing or teaching, often as part of a series on a book of the Bible. Scripture meditation and prayer will also be an integral part of each day. During the program, each participant will have the opportunity to encourage the group by sharing a personal reflection from the Bible or a testimony.

A personal accompaniment by the instructors is provided to reinforce the personal development of each participant during the program.

Un an pour impacter *ta vie* !

An adventure dimension:

For 3 weeks, without really knowing what is coming the next day, we will give you the opportunity to live an extraordinary adventure on a personal level as well as in community with the group you will belong to.

The "adventure" aspect will be highly emphasized with hiking trips (several nights in tents), mountain activities, water activities, and even an introduction to paragliding.

At the end of these activities, group and individual reflection will take place in order to step back from what we live each day and to think about how to apply it to our lives.

A "Nature" dimension:

LEAD is based in the Alps, surrounded by mountains, lakes, cliffs and canyons that we will have the opportunity to explore. Nature gives us an idea of the character of God.

Here are a few verses from the Bible that illustrate this truth:

Psalm 19:1 "The heavens declare the glory of God, and the sky above proclaims his handiwork." Nature points to the existence of God.

Romans 1:20 "20 For his invisible attributes, namely, his eternal power and divine nature, have been clearly perceived, ever since the creation of the world, in the things that have been made. So they are without excuse."
